THE NASHVILLE RACES COMMENCED

Yesterday and some high-class racing is expected—The Coming National Circuit Bicycle Races—The Week in the National League—The Cyclers' Race Track—The Road Race.

Club.	W. L. T.	Club.	W. L. T.

The week in the base ball league has in several respects been surprising. Cincinnati, which started out with three victories over Chicago, came to grief with Cleveland, enduring three stinging defeats. To-day this club opens a series with Pittsburgh which will be watched with interest by the local admirers of the national game. Pittsburgh started off badly, losing two out of three to St. Louis, but at Louisville the Pirates recovered their breath and took two out of three, one of the games going to them by a scratch. Baltimore, the club that spent the preliminary season in the south, and the Boston, who played all winter in California, are at the head of the procession, and it is probable their playing form will induce many teams to make the southern pilgrimage next spring. Cleveland's pitchers are all in good form, and much may be expected of this club during the first half of the season. St. Louis continues to win right along, and is the surprise of the first week of the season, while the much vaunted New York and the Brooklyn, who are away down in the second division, are big disappointments. Chicago hasn't won a game, and is in undisputed possession of the tail end.

Everything points to a most successful bicycle race meet here September 20 next, the occasion being the national circuit races under the auspices of the Wheeling Athletic Wheelmen. President Geiger is in correspondence with the leading racing men of the country and he has assurances from many of them that they will be here and contest. It is probable that Sanger, Tyler, Taylor, Johnson and the other cracks of the cycle racing world will be here and contest in the specially sanctioned race in which the prize limit has been removed by Chairman Raymond, of the L. A. W. racing board. The club's committee are about to commence the preliminary work of the meet.

The interest in the INTELLIGENCER Decoration Day road race is quite general among the local wheelmen, and it is probable that there will be a big field of starters. There seems to be a rivalry between the riders, of various makes of wheels, to take the valuable first prize down, and this will culminate in the greatest road contest ever seen around Wheeling.

Yesterday the spring meeting opened at Cumberland Park, Nashville, and the interest in the high-class horse racing which has centered on Memphis will be transferred to the Tennessee capital. Interest in yesterday's races centered in the rich Cumberland prize, won last year by the outsider, Henry Young, and in which race Buchwa and Lazzarone met at last. The starters and their jockeys were: Sigurd, 107 lbs., A. Clayton; Master Fred, 107, J. Davis; Mulberry, 112, Kuntz; Jim Lee, 117, N. Hill; Jamboree, 117, Overton; Buchwa, 117, K. Williams; La Jovera, 117, Morris; Domingo, 117, Perkins; J. P. B., 122, Goodale; Buckrene, 122, Sharpe; Lazzarone, 122, W. Martin.

Amateur Base Ball.

All the members of the Martin's Ferry base ball club are requested to be at the Bayless House on Fourth street on Saturday afternoon at 1 p. m. to meet the Genoa club, of Wheeling, and to parade to the mill grounds. The game will be called promptly at 2:30. A close and interesting contest is expected, as the Martin's Ferry boys won the previous games by but one score. Manager Gaudin, of the Martin's Ferrys, is corresponding with first class clubs all over West Virginia and Ohio and will have some crack teams there during the coming season. He expects to take his team to Charleston, W. Va., in May if suitable terms can be made.

The Will Irwin club has just got a new outfit of bats, masks, etc., and expects to make a good showing in the game with the Hubs on Tunnel green to-morrow afternoon.

INTELLIGENCER'S ART WORKS.

Two More of the Fine Books Ready for Delivery To-day.

To-day Part 19 of the "Sights and Scenes of the World" and Part 5 "Glimpses of America" will be ready for delivery to all who call at the counting room or send their coupons and dime in coin. Both these marvellously cheap series are triumphs of modern reproductive art. They grow more popular as the series advances, each one seeming to be, if possible, an improvement on the last.

Part 5 of the "Glimpses" opens with another glorious cameragraph, a sublimely exquisite photograph in natural colors. The subject of illustration is Hell Gate, Ausable Chasm, picturesque rent in White Face Mountain, near Lake Champlain, worn by Ausable river. The description of this wonderful gorge, as printed in "Glimpses of America," is a beautiful piece of word painting.

It also describes Salt Lake City, and its Mormon institutions, and conducts the reader by the Devil's Slide and through Weber and Echo canons, distinguished for the weird formations that line the sides and crest. Like the former issues it contains sixteen elegant cameragraphs and very fine descriptive text.

On Temperance.

Sunday evening at Thomson M. E. church, on the island, the pastor, Rev. Dr. F. D. T. Bickley, will preach on "The Unconscious Allies of the Temperance Movement." This is a topic that has not been touched upon in the churches, and will no doubt prove interesting and profitable.

The Bishop's Preach.

At high mass at the cathedral Sunday morning Bishop Donahue will deliver his first sermon in Wheeling, and will no doubt attract a large congregation, as the new bishop brings with him a reputation as a fine pulpit orator.

MARTIN'S FERRY.

Haps and Mishaps in the Thriving City Across the River.

Some of the members of company F, Fifth O. V. L., have been arranging for a reunion of the survivors next Tuesday in honor of Major Thomas C. Thoburn, of Peabody, Kansas, who has been visiting in this section, but the major has received word that his brother, Bishop James Thoburn, a missionary in India, will be at Delawaro and he will go there. For this reason the meeting will not take place. Major Thoburn is a brother of Col. Joseph Thoburn, in whose honor the G. A. R. post is named.

Fifteen members of Stanton post of Steubenville attended the funeral of John Rogers here yesterday, six of them acting as pall bearers. These were Joseph Leasure, Oliver Kells, James Lindsey, R. E. Blinn, John Welsh and Josiah Selah. Thoburn post attended in a body.

The farm work is up for the cannery at Don. Only tomatoes will be canned this year, but the enterprise will have a capacity of 20,000 cans daily. The season will last fourteen weeks, or eighty-four days, and 20,000 cans daily would make 1,680,000.

To-morrow morning J. W. Robins will preach a sermon in the M. E. church appropriate to the Odd Fellows. The members of the two lodges here will meet at 9:30 o'clock to march to the church. The members of all sister lodges are invited.

Last night's meeting of the debating club was held in Y. M. C. A. hall. "Resolved, That the signs of the times indicate the downfall of the republic," was discussed by Messrs. Mitchell and Stevens and Anderson and Dixon.

The game of ball between the Genoa and Martin's Ferry club this afternoon will draw a big crowd if the weather is favorable. It will be called at 2:30. The parade will start from the Bayless house at 1:30.

When the board of education advertises for bids for the building of the Central school a clause will be inserted stating that only home labor shall be employed.

Interest in bicycling is increasing in Martin's Ferry. One agent sold six wheels on Thursday. If the times were better many more would be in use.

Thoburn post No. 72, has appointed committees on music, speaking, etc., for Decoration Day, and a committee on memorial sermon.

City Solicitor H. G. Pratt, who has been visiting Colerain township, returned yesterday.

Mr. George Anderson, a Mexican, war survivor has secured an increase of pension.

Several young men attended the hop at the Windsor hotel at Bellaire last night.

THE SCIENCE OF MEDICINE.

Great Advances Made in the Last Few Years.

The Story of a Man Who Has Lately Been Cured of That Terrible Disease, Locomotor Ataxia.

From the Philadelphia Record.

Very little is heard by the general public of the great discoveries in medicine, and the countless scores of lives that are saved by the advancing knowledge of medical science. Diseases, which a few years ago baffled the most eminent physicians and were believed to be absolutely incurable, succumb to-day as readily as the most trifling ailment. No one, perhaps, has better cause to appreciate this than Richard A. William, of Bustleton, Pa. Mr. William is a retired calico print manufacturer, and before his health began to trouble him he carried on an extensive business, both in Bustleton and Holmesburg. He is fifty-three years of age, has traveled widely, and is a man of more than ordinary education and intelligence. A reporter who visited him found him strolling leisurely through the grounds surrounding his pleasant home. Mr. William was at first decidedly averse to the unwelcome publicity which he felt would follow the story of his case in the newspapers. Realizing, however, that it might be the means of bringing relief to others who were suffering as he had suffered he finally consented.

"If it had not been for one of the recent discoveries of medical science, I believe I would be lying helpless in bed instead of enjoying this stroll," he began. "My troubles really date back to several severe falls I received when a young man, but I suffered no great inconvenience until 1888. My first sensation was great difficulty in walking. As this feeling grew more intense I finally called in a well-known physician of Holmesburg, who immediately told me that I had locomotor ataxia, and placed me under active treatment. Instead of getting better I seemed to grow worse, and I was scarcely able to get around. A year after I became his patient he told me that he would have to give me up. He gave me to understand that I must resign myself to a condition of utter helplessness until death came to my relief. At last I got so that I could not walk at all; my limbs went back on me entirely, and I was just able to sit up. I then called in Dr. Bull, then in Philadelphia, and now a resident of Chicago. He recommended sun-baths, and I had a sun-parlor erected for the purpose, but my trouble did not yield to such treatment, and finally I abandoned it. In April last, I received a letter from a Mr. Grant, a friend of mine in Elmira, N. Y., telling me how a new medicine called Dr. Williams' Pink Pills was performing astonishing cures in the severest nerve diseases, and advising me to give them a trial. Not knowing the scientific nature of Dr. Williams' remedy, and believing that it was an ordinary medicine, I was at first inclined not to bother with it. But I reflected that in my miserable condition it could do me no harm at least, and I sent to the drug store and purchased one box. After the third box I began to feel some benefit. My whole system seemed better. I kept taking the pills, and one day to my great joy I discovered that I could walk a little. From that time on my recovery has been rapid. Now, after using Pink Pills for five months, from a condition of utter helplessness I am able to walk one mile every day without inconvenience. I take my one-mile spin around the house every day now. I haven't walked that distance before for three years. I find that I can ascend the hilly road which leads to our house with ease. I noticed a general improvement in my health from week to week, and my feet no longer feel as though they were weighted down with lead. I ascribe this wonderful change solely to Pink Pills. My mother is very enthusiastic over the pills, and thinks Dr. Williams ought to have his great discovery proclaimed from the housetops."

An analysis of Dr. Williams' Pink Pills shows that they contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effect of la grippe, palpitation of the heart, pale and sallow complexion, all forms of weakness either in male or female, and all diseases resulting from vitiated humors in the blood. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, 50 cents a box, or six boxes for \$2.50—they are never sold in bulk or by the 100 by addressing Dr. Williams' Medicine Co., Schenectady, N. Y., or Brockville, Ont.
